Award-winning videography & photography

The **Full-Length Feature** film is a modern, creative take on traditional wedding videos. It's shot in a documentary style with high-end DSLR cameras and includes the full story of your wedding day as it unfolds. We film every detail of the day and tastefully edit it with multiple camera angles to create an exciting movie filled with all the great moments. This is a perfect choice for brides looking to relive their wedding day from start to finish.

The **Cinematic Highlights** film is an artistic storytelling production shot with high-end DSLR cameras and edited through the mixing of voice-overs, speeches and music. Our fully unleashed creativity results in heightened emotional impact with this style of video. The shallow depth-of-field and assortment of lenses we use will be sure to make your video stand out as a work of art. This is a great choice for brides who would like an extra impressive wedding video with tight edits and a fast-paced story line.

The **Wedding Trailer** film is a fully conceptualized cinematic short story set to perfectly matched music. It highlights the big moments as well as smaller details that reflect the nuances of your special day. These videos have amazing impact when sharing online and are a great way to view an emotionally charged recap of your wedding. It's a thoughtfully edited film we know you will cherish forever.

### Treasured Memories...

It's a rare event to have all of your loved ones together at one place and time. Having a video of the people you love to look back on becomes so much more valuable as the years slip by. Hear their voices again, watch them filled with joy as you celebrate and remember how they smile and laugh. The people around you make up your amazing story ...and having a video is something your whole family will treasure!
